

Craig	Schroeder	43213	Every broadcast license in America issued by the FCC says that the broadcaster will "serve the public." That was written into the Communications Act of 1934. But though the majority of Ohioans (along with Americans from other states) believe the U.S. has taken a wrong turn, the big media play down, silence, pooh-poo and otherwise marginalize us. We have a point of view ---the majority view --- and we ask Clearchannel to <i>do the honorable thing and not silence the people who give voice to our views such as Al Franken, Laura Flanders, Rachel Maddow and other progressive voices on the radio. Serve the public rather than the powerful. Keep progressive radio in Columbus!</i>

Tom	Beerman	43085	We listen to 1230 all the time it has been refreshing alternative to Limbaugh and the other dittoheads.
john	lelko	43119	You will get more advertiser support with a less conservative format.
Patrick	Lancaster	35405	We need more PROGRESSIVE radio on the air. We need to give the Progressives in Congress a voice to inform all corporations that we will tax them unmercifully, force them to provide free health care and free education to all who need it, and have a fair revenue sharing plan so CEOs won't make hundreds of millions of dollars while their employees are below the poverty line. Hillary said "We are going to take things away from you for the common good." Goddess bless her. We need stations like WTPG to <i>show the masses what we liberals plan to do to help this country.</i>
Jeff	Coryell	44118	The progressive community in Columbus is vibrant and growing. More and more Ohioans are seeing through the empty right wing spin and coming around to the common-sense progressive agenda. They need a radio station that respects their point of view!
Joan	Fluharty	43068	
Sara	Richman	01940	Progressive Talk Radio sserve an important for the public to hear another side of the issues. Talk radio is "lopsidedly" one sided and as we know, this is extremely dangerous in a democracy. <i>Boston lost their Progressive Talk Radio and I feel as if I lost a friend. Out of habit, when I turn to the station in the car or in the kitchen, I get annoying rumba music. I wish a petition could be started to have another Boston station broadcast Progressive Talk. Thank you, Sara Richman</i>
Karl	Kay	43232	Progressive radio is important in Central Ohio because someone has to tell the truth which we don't hear on the regular news.
Michael	Kelley	43113	How come after this election you chose to shut these shows off. Maybe <i>because they made people think. We need progressive radio , for the truth.</i>
Rebecca	Haidt	43209	Progressive Talk Radio is an essential format, and provides the clear majority of Ohio voters in Franklin County with the programming and content they would like to hear.
sharyn	talbert	43085	You CAN sell progressive radio here. The groundswell of political change will catch up, and is catching up; your bottom line will eventually turn around. Removal of progressive radio will only disabuse potential listeners to tune in to your programs.

They are more than willing to patronize any advertisers to the channel. They are passionate and highly motivated. Please keep progressive radio

arilyn	eerman	3085	There needs to be a balance. Right now there is too much right and not enough progressive or liberal on the airways, choose your word. I like the defination in Webster's that says liberals "are tolerant of the ideas and behavior of others". Progressive radio, especially Franken and Schultz have quests with varving views - and thev let them talk.
reg	Davis	3213	From: "Greg Davis" <bluecoyoteband@hotmail.com> To: tomthon@clearchannel.com, brucecollins@clearchannel.com, melissaburns@clearchannel.com CC: bluecoyoteband@hotmail.com, station@ohiomajorityradio.com Subject: AM1230 Change in Format Date; Fri, 05 Jan 2007 15:29:02 -0500 Dear Mr. Thon. Mr. Collins and Ms. Burns: We and many people we know have been loyal listeners to Progressive AM1230 since it started in Columbus in September 2004. On average, we have listened to AM1230 for eight to ten hours a day (my wife listens to it at work). When we don't listen to AM1230, we usually listen to The Brew, 105.7 FM. We have attended station events, bought tickets and merchandise from AM1230, and patronized businesses who advertise on AM1230, as have many of our friends and acquaintances. In fact, we never listen to 610 WTVN except for Bengals games. So we have no idea who advertises on 610 WTVN. If you view the results of the recent election, the citizens of Ohio and the American people have given you, free of charge, the results of a market research study that could be worth millions of dollars to your advertisers. Ohioans voted 55% statewide progressive and in the Columbus market, 58%. This is potentially a vast untapped resource of revenues for your advertisers. It makes no business sense to ignore such a huge resource. Also, potential progressive customers generally are better educated, have higher incomes, and therefore have greater spending capacity for the products you advertise. In fact, you should really reconsider changing your Columbus station, AM610, to the progressive talk format while making AM1230 the conservative format, because AM610 has a stronger signal, therefore, it would greatly enhance your ability to reach this majority audience. How much would Clear Channel pay a marketing research company for the results that the citizens of Ohio and the United States have given you for free? It is likely that loyal listeners to Progressive AM1230 will not listen to the new format and will take their discretionary income elsewhere (XM or Sirius or Internet radio services). Cancelling progressive talk could also have a negative effect on Clear Channel's other holdings, as this majority of voters and therefore potential listeners, may switch to non-Clear Channel stations. It's sad, but it's true, in this age of satellite and Internet radio, the average consumer does not need broadcast media as much as broadcast media needs the consumer. Thank you for your consideration, and thank you for bringing progressive talk to Columbus. We have found it hugely entertaining and informative. Sincerely, Please bring the progressive format back. Columbus was proud of its progressive radio station. If it was loyal listeners you wanted, you had them!! I don't know who you are attempting to target with the new format, but believe me, you are trading down.

Kathie	Howard	3055	1230 AM is the only station I listen to. I have turned so many people onto this station
Sharon	Schertz	3025	We need to balance conservative talk radio and to promote middle of the road and liberal viewpoints. There needs to be opportunity for the whole spectrum to be represented. If 1230 goes away, important information will not be available via radio in this area. Besides, Stephanie Miller and Rachael Maddow are particularly entertaining.
Dan	Colbert	4310	I'm in Akron where ,thankfully, there is still a liberal radio voice..warf..remember what radio was like a few years ago..nowhere to turn. Columbus needs to keep a voice of reason...anybody remember the november election? Good Luck Columbus!!!

aul	adisevski	3026	<p>First, I have been an avid listener to WTPG 1230am for over a year now, and I have bought products advertised (like an Oreck vacuum, for instance). Changing from a Progressive format to a REGRESSIVE format is a Big Mistake. If Mr. Collins had passionate sales people I know he could sell ProgressiveTalk in Franklin County, hell I bet I could do it! [Many of the same businesses that support public radio for instance, would probably advertise on WTPG!] And as Franklin County in particular is turning blue; and as many of those elected are Democrats including the Columbus Mayor and Ohio's governor - I say what's the problem? It is evident that dissenting opinions or alternative ideas TO the right-wing media (or ideology and current Administration) - which is ALL over the DIAL already in Ohio) - is NOT going to be allowed, by the Right or the likes of CLEAR CHANNEL. And it's just too bad. Clear Channel needs to re-consider this move away from intelligent talk in Columbus. It's an unfair business practice and a public disservice. I heard of this Laura Ingraham. She's an idiot. She's the one who on her Radio show called for her listeners to all call and all JAM the 1-800 Dem Vote - voters help line that Howard Dean set up for this last election - concerning voting irregularities! Ingraham should be dragged in on charges in Federal Court for that stunt. AND this is who Columbus Clear Channel wants to get in bed with?! Well, they say you can be judged by the company you keep. Unfortunately regulations and laws will have to reign in these Media monopolys. That's who I'm writing to next, my elected pols. And again, it's too bad, because many, many Americans are tired of all these Right-Wing hacks, spewing their ridiculous crap, all</p>
ichael	ees	3201	<p>Let's get real. Mr. Collins and Clear Channel are sandbagging it. Maybe it's time to consider getting on congress to revoke Reagan's ridiculous deregulation acts. That's right.... 1 AM!, 1FM!, 1TV per market...period. No more Clear Channel. That goes for newspapers too. Obviously, Mr Collins didn't show up to class that day in Comm 101 when his professor explained the part that those who received broadcast licenses also were required to serve the public interest as well.</p>
en	æe	3068	<p>THIS IS THE STATION THAT WAS THE FIRST TO BREAK THE NEWS ABOUT THE USE OF SIGNING STATEMENTS, THE ILLEGAL OPERATIONS OF MR. ABRAMBOFF AND THE SCANDAL IN THE MARIANAS ISLANDS. THAT IS WHY THESE PROGRESSIVE VOICES ARE NEEDED.</p>
itary	loutell	3017	<p>WTPG was the only station I'd tune into in my car. Unclear Channel has to go! Keep up the good fight, a start would be a new head of the F.C.C. The previous post is 100% right that media consolidation is an evil we need to be rid of. This replacement format is worse than regressive, it's HATE radio and Michael "Savage" Weiner is the worst of them. I will still listen to Randi, Stephanie, and Al on the "internets"</p>
ordan	'eter	3235	<p>How about finding another station to air progressive talk. The amount of enthusiasm as evidenced by the out pouring of support should spur other radio owners to take notice. If Clear Channel doesn't want want progressive radio advertising dollars and loyal listeners another station needs to step in. Most of the shows - Stephanie Miller, Young Turks, Rachel Maddow, Ed Schultz besides being very entertaining are also very informative. This format was not at all advertised and did very well from just word of mouth advertising. With a little bill board advertising it can take off. This is a golden opportunity for underperforming AM/FM stations. Why not cable too! If Imus can succeed on cable(MSNBC) Stephanie Miller and others can too! Don't let the Republicans kill progressive talk. Rich Liberals and Dems this is your chance to wake up and put your money where your mouth is. Don't let the progressive flame die. please</p>

Sheldon	Strauss	43229	I guess Clear Channel just doesn't get it but the last election the voter turned out and voted the conservatives out. We can see why during the Reagan administration the media consolidation was passed. Clear Channel instead of encourage public debate seeks to limit our access to information. If anyone has questions just to at the changes at NPR after Bush's appointments more fluff less news. WTPG has been one only reliable outlets for news in central Ohio. This is a great loss to democracy. Just remember we helped Sadam to power and gave gas weapons. We sent April Gatsby to tell him it was ok to invade Kuwait in 1991, "just do what you want we won't get involved". We need an information source not controlled by large conservative corporate interests such GE, Time Warner, Sony or Disney. So much the for alleged liberal media in the USA. Air America Radio and WTPG was a small glimmer of hope.
Sam	Liebfreund	43110	Only a stupid business man would split the conservatives into two stations and lose all of the Liberal listeners.
Heather	Sturgill	45223	Most of the local talk stations are conservative. It is really nice to be able to listen to multiple perspectives. If you listen to both conservative and progressive radio then you actually have a chance at getting ALL the information, not just the information that supports their slanted view. Please Keep progressive radio.
Richard	Fiermann	43221	Fairness doctrine? Does this apply? How much right wing talk do we need? Enough to completely eradicate the left wing POV, I guess. The people actually OWN the airwaves accoding to the FCC. Why do your "cold hard business facts" overshadow thelaw?
Patricia	Bown	55419	Progressive radio is important in Ohio and all over the country to combat the right wing talk shows and their lies.
Robert L.	Stanley	43147	My God...what is happening to our country. Americans need to wake up and protect our nation, our democracy. No one can afford to sit back and not raise their voice. Corporations are pissed off that all their money could not keep the Republicans in office. Everyone must get involved if America
Miike	Levine	48076	We own the airwaves!
Jeff	Jones	43017	The founders of our country knew the importance of perspective and multiple parties involved in the government. It took 20 years to build the right wing radio machine, but the left wing machine needs to be strong and making tons of money in less than 5 years. The airwaves are supposed to be for the public good, not just rehash the same talking points over and
Jay	Elhard	43147	I have been a devoted listener of Air America here in Columbus almost since the very beginning. I have watched it become a huge source of "water cooler" information and sensation through the years. I believe it has had an obvious impact on the local political landscape. And I believe personally that it was failed most by bad management and a bad business plan. It may well be misguided of us over the long haul to try to save it now for the financial benefit of people who simply can't seem to make a go of selling ads to more than half of the electorate. I actually do seek out and support advertisers, although I have my doubts that local sales reps understand the demographics of Progressives and the big dollars they have. I'm not sure we have the same interests and spending habits as Rush Limbaugh's dwindling legions of "dittoheads," for instance. Don't try to sell us the same products and ads that you hawk on conventional, conservative radio. Air America established a loyal base of listeners, and a significant chunk of the market, much more quickly than anyone could have expected. The Democratic party certainly has a long term stake in seeing that the network finds a much more motivated, stable and sensible business plan. Go ahead and let these fools abandon it. Let's find and encourage investors who have a better sense and understanding of this network and its larger purpose. You really don't have to pander to the lowest comrr on denominator to make a respectable return on your money in this market

John	Stutus	43224	It is my competitors I owe my success to. My worthy opponent is what makes me become worthy of them. Without debate how can we find the truth that is usually somewhere in the middle of the 2 extremes. Progressive radio is the only voice that is speaking about the progressive side of current issues. I believe its relevancy was best shown in the 2006 election results. I do not want to silence the voice of those who are liberal with their spending and consumption of resources (the Right), only balance them with those who seek conservation and financial accountability (the Left), the voice of progressive talk. We need this debate, please do not allow those who seek the easy path of comfort thru denial to lull us to sleep in these dangerous times.
Susan	Arbo	43220	
Dean	Arbo	43220	It would be a horrid dis-service to the people of Ohio if the only politically left leaning radio station were shut down. In this era of corporate media consolidation, it is imperative to keep a voice of reason, rationality, and logic that is not beholden to the radical political forces that now control the executive branch of government. Competition is good and diversity is good for a healthy society. Its imperative that we maintain at least some open and honest discourse on the radio, and I have always been willing to support Air America financially by supporting its sponsors.
Bill	Greene	43220	I love Air America! Perhaps, as someone mentioned below, it is time to get Congress to limit the number of stations one company can own in one geographic location.
Steve	McGuire	43762	
Yidia	Summing	43201	I am terribly sadden by the news. Clear channel kept the bigot Glen Beck! What about service to the community? Do the people at Clear Channel know what the word "Service" means?

ared	Jardner	43214	Please save fair play on the public airwaves!
David	Isher	43207	Don't let this go!!!
Lick	Livingston	143201	
Jonathan	Adler	143230	This is a sad day, I hope Clear Channel will change their mind... I was contemplating advertising my business (Homestead Mortgage Co- Westerville, OH) on Stephanie's show, but I will NOT do so if the station becomes another right wing extremist station..
Mary	Collier	43230	WTPG has been a unique and invaluable source of information that had been ignored by the mainstream media. Whether or not one agrees with the political leanings of progressive talk, it is a useful perspective in getting a well-rounded view of politics. Clear Channel is making a bad business call, replacing its unique product with the same tripe that can be found throughout the AM talk radio spectrum. In response, I will replace Clear Channel with a satellite Provider.
Susan	Grant	44410	All sides of an issue should be given to the American people. If only one side is heard, that is not a well informed public. The mess this country has gotten into in the last six years has a lot to do with one party being able to dominate the system. Our forefathers knew that there was a need for balance of power. Let all sides be heard so people can make up their own mind. Oh yeah...perhaps there should be something about speaking only the truth on these programs also. O'Reilly and Limbaugh are not known for
Catherine	Damescu	43209	Please keep progressive radio alive in Columbus.
Kim	Carter	43082	

Ron	Gamble	43015	Exactly how many right-wing talk stations can one market handle? WTPG was bogged down with no outside advertising (besides an initial publicity burst about the format change), a weak signal, carrying Cincinnati Reds, Cleveland Cavaliers, AND Bowling Green football, and an advertising sales group that was more interested in finding out how many public service announcements they could fit into one commercial break. And STILL , the ratings went up! If Glenn Beck, who was cut from WTVN because of low ratings, can find a new station without missing a beat, then why can't Air
Katie	Swett	43214	I listen often to all the Air America shows and they provide a much-needed different perspective on current events and politics. I'm not sure how many people even realize cautious and unquestioning, at best, and right-wing, at worst, most of their radio and TV information sources are. The Air America hosts ask a lot of questions that need to be asked and too often aren't.
Paul	Steffen	43214	We need a variety of opinions on the airwaves and show hosts who are going to ask difficult questions about the current presidential administration and the Republican party. That is what the Air America Radio and Jones Radio Network (Stephanie Miller and Ed Schultz) provide.
David	Pantalone	02446	We have suffered a similar fate in Boston. Progressive radio is important not only to Ohio and Massachusetts, but to all of America. The conservative bias in the radio media is undemocratic. We must restore balance and
Carol	Grasselli	43068	With journalists failing us, and right-wing radio propagandizing us, having Al Franken and Ed Shultz available has been invaluable to me. I have learned more from their shows than I would have thought possible. Losing this station is one more slap in the face by the powers-that-be who want to control what we hear, see, and learn. Clear Channel has shown their true colors, and if they make this change (which I have no doubt they will) their station will be forever silent on my radios. More conservative talk - JUST

CHANGING FORMATS WILL ONLY RESULT WITH THE LOSS OF REGULAR LISTENERS LIKE MYSELF AS WELL AS THE VAST MAJORITY THAT IS COMPRISED OF PROGRESSIVE THINKERS AS WE HAVE DISCOVERED IN THE '06 ELECTIONS. Most programming changes are made to keep up with the political climate. WHAT ARE YOU THINKING?

Scott	Dybiec	43212	Progressive talk radio is important to have in Central Ohio. I listen to Air America.
Gerard P	Denzer	23505	
Arturo	Torres	92009	Progressive radio is so much more listenable than right wing hate radio.

Robin	Bergman	02476	This is a much bigger issue than Columbus (or Madison, or Boston where we are fighting the same situation!)... it is about media consolidation + corporatization, stifling of divergent voices, suppression of information, lack of local programming, refusal to serve the public interest and more! We MUST support each other all over and we MUST demand that Congress take up these issues again. Without an informed public, there cannot be a Democracy!
Diana	Larson	43064	
Jenny	Flannery	43212	It seems inconceivable that when a state has just flipped from Republican to Democratic in an election held two months ago, a station can't sell advertising for programming geared to a *majority* of the potential audience and would instead choose to air more of the right-wing blather (some of it, like Laura Ingraham's urging to flood progressive get-out-the-vote phone lines with harassing calls, very likely illegal) that one can get on a variety of other stations. If it's not a case of incompetence or right-wing bias on the part of the sales staff, maybe it's the Air America advertiser blacklist that recently was leaked from ABC Radio?
Ted	Schaefer	43221	Keep the station on the air - we need the balance.
Edward	Sterling	43235	Keep 1230 as a progressive radio station!
Linda	Byrket	43221	
Terry	Lazear	43219	This is the station That gives progressive a voice PLEASE rescind your decision to change the format to the same old right wing agenda

Stanley	Bobrof	43205	WTPG is the station I listen to on my way to work and home again. At work, it is the most common station, though WCBE or WOSU-AM are also listened to. As you can see progressive is the choice. At work, people come in and hear something on 1230 and a conversation develops. This is a great loss. I guess, in typical fashion, it became too much of a threat to Clear Channel's corporate sponsors and it had to be beheaded. "Let them eat cake", the owners cried and we were given a Savage.
D	Meyers	43221	Balance on the radio & in media is needed in this country period!
Warren	Wolf	43068	WE need progressive radio to give citizens all viewpoints!
Denise	Worthington	43220	The one radio station I listen to on a regular basis. Especially Stephanie Miller. Cannot believe you would think of pulling the plug for a format that holds no interest for the majority of people in a "blue" state.
Philip	Bullio	45013	
Laura	Cook	43212	Please keep WTPG in Columbus!
Charles	Hoisington	43214	The majority of voters in your listening area indicate by their choices that they are in the progressive group. I expect they will want a voice, especially as the neo-cons get heard frequently on the air.

Connie	Knueve	43230	We here in central Ohio have no alternative to the conservative talk shows that constantly bombard us with their viewpoints. This can't be good for our country--we desperately need balance. The radio shows of Stephanie Miller and Ed Schultz have been an oasis for the progressives in this area--the majority. Without their shows, there will be nothing in radioland worth listening to. Our radios are going to go back to being turned off and our cd's

Jocelyn	Krosky	43016	Please keep our progressive radio's format just that! Progressive! I love listening to Randi Rhodes, Al Franken and Stephanie Miller. I have no interest in listening to Laura Ingraham, Jim Quinn, or any of the other Conservative, "non-progressive", right wingers who you seem to be wanting to place on the radio station.

Brenda	Davis	43230	Please stop the hate, the lies. Give us an alternative. I will support the sponserers of progressive talk radio.
Mike	Andrejco	17110	I can't believe Clear Channel is doing this. WKOZ is Boston, that WAS Progressive talk (& that I could stream) is now going to be all Latino music. What happened? It can't be that the listeners don't support Progressive Talk! I've been chasing Ed Schultz all over XM and the stream for over a year. Guess I'll have to go to Sirius satellite radio, forget Commercial radio.
Sara	Revesz	60013	I listen to 850 AM Progressive talk each and every day. I support their sponserers also. I avoid 890 WLS AM and any sponser advertising during Rush, Hannity, or Mark Levine.

Diane	Reichwein	43212	Central Ohio deserves progressive radio. It's important for a major metropolitan area to have media that is diverse. Abolishing progressive radio will be a big setback for the people of Central Ohio and for the image that we present nationally.

But, this couldn't possibly being organized in Karl Rove's office, now could it?
Tobin	Sterritt	48073	As my zip code indicates, I'm from out of state (MI) but aware of what's going on in Ohio. Progressive radio is important EVERYWHERE in this country, especially in this day. No one can tell me that there is no audience for it in Ohio. I've heard them speak. Now you have my voice as well.

rk	Pennington	43206	<p>Your motives seem to be clear to me. You are not doing a service to your community or your nation by providing another venue for conservative talk on the radio. 1230 AM is the only place we have here in Columbus to listen to progressive ideas which are beneficial to the lifeblood of our democracy! I listen to 1230 AM every single day in my car while I'm driving my 45 minutes to work, and 45 minutes home. I am just amazed and perplexed that Clear Channel would even consider removing progressive radio from your airwaves unless it's simply because you want to help quell free speech. SAD! If you go through with this, we will overcome, and you WILL be sorry because we progressives stick together and we're the Majority! We will boycott anything Clear Channel does, as we now are very weary of Sinclair Broadcasting. Please do not ignore the voices of more than half the community you serve. I have to have my dose of reason from Progressive Talk Show Hosts each and every day. It's a voice of reason and sanity in these insane times. The LAST thing we need is more right-wing nonsense from the likes of Rush Limbaugh and Dr Laura Schlessinger, et al, who have harmed Americans and damaged our country's reputation and safety.</p>
Robert	Harmon	43221	<p>Clear Channel owns over 1200 radio stations. Six are licensed in Columbus OH to serve the public interest. WTVN 610 is classed as News/Talk format and includes several right ring talk shows. Since 1230 AM went on as Progressive Talk Format I have listened to it night and day. Clear Channel already provides several formats including right wing talk and should continue to offer a Progressive Talk format. Central Ohio, as demonstrated by recent election returns, has a large number of progressives. The format brought up ratings significantly. These listeners should be served and Clear Channel should give the area balanced programming if it is to continue to hold licenses. License ownership rules can and perhaps should be changed if Clear Channel refuses to operate its licenses in the public interest. At the Media Reform Conference in Memphis this week I intend to raise these issues with FCC Commissioners. Should the situation not improve, we should compile lists of all advertisers on all Clear Channel media outlets, including billboards, and notify such advertisers why we will be boycotting ALL their products.</p> <p style="text-align: right;">The Stations:</p> <p>Call Sign: WBWR-FM Format: 80's Rock Metro: Columbus, OH Call Sign: WCOL-FM Format: Country Metro: Columbus, OH Call Sign: WLZT-FM Format: AC Metro: Columbus, OH Call Sign: WNCI-FM Format: CHR Metro: Columbus, OH Call Sign: WTVN-AM Format: News/Talk Metro: Columbus, OH Call Sign: WYTS-AM Format: Progressive Talk Metro: Columbus, OH Frequency: 1230 General Manager: TOM THON Phone: 614-486-6101 Fax: 614-487-2552 Address: 2323 W. There are plenty of conservative opinions on AM radio as well as television. Progressives in central Ohio have only one dedicated voice on talk radio and it would be a tragedy to lose it. I've notices a high volume of callers on the various shows are from central Ohio. The format HAS LISTENERS, don't abandon us. We have a voice and a choice and can choose to abandon the other Clear Channel stations</p>
m	Huffman	43081	<p>Save WTPG ! Blame the search for advertisers. Clear channel is taking the problems of WTVN and making an outlet for far right radio problems. Does anyone think GB tells the truth? Howard	Dalton	43206	I refuse to let this happen - we will not be silenced!
Aaron	Duty	43016	I have always considered myself an informed 'mediaphile' -- without hearing my coworkers talk about 1230AM, I would have never known about a progressive radio option in Columbus. I understand now that 1230 has been under this format for quite sometime, but was unaware of it. It is Clear Channels position that there is no revenue in this market for progressive talk -- Market the channel louder, and perhaps Central Ohioans would be aware of it's existence and listen! I suppose I must go back to Glen Beck and his 'Moral Right in Moderates Clothing' rhetoric. Sigh...

Donna	rooks	43214	Progressive talk radio has been a big part of my life the last 2 years. The airwaves belong to the people, not to a company. The majority of people in Central Ohio see how bad things have gotten with the right-wing in control of Congress and bringing no checks and balances to the abuses of power, the delusional ideology, and the arrogance of the Bush administration. Yet now the only progressive talk radio station in Central Ohio has decided that what we need is more right-wing hate speech, propaganda, and disinformation! The American people are fair,-- unlike the bullies on conservative talk radio, FOX "News", and those recently relieved of their leadership roles in Congress, like James Sensenbrenner, who put Rep. John Conyers in "storage room B" when Conyers was holding investigative hearings. People want accountability from their leaders, and now that we might finally have that, WTPG will not be there to let us know what is happening. Instead, we will be offered Laura Ingraham, whose contempt for voters is so great that she would urge listeners to jam get-out-the-vote phone lines to keep people who vote for progressive, liberal, and Democratic candidates from going to the polls. When is she going to prison for this? Instead of knowledgeable, well-informed people like Thom Hartmann, we get Savage and Ingraham, whose main characteristics are hatred of liberals and an inability to have a civil conversation with anyone who isn't a bobblehead agreeing with everything they say. I for one will be taking the 1230am sticker off my car. I will be listening to Stephanie Miller, Thom Hanmann, and Rachel Maddow every day on the Internet whenever possible, and I will encourage others to do the same. The airwaves, like air itself, belong to me. They belong to average, working-class people. dy	ell	3085	What is the reason for this terrible loss to the city of Columbus and central Ohio? If it is because there are not enough sponsors, just level with us! Give us some time and we will come up with more sponsors! We will need more than 16 days! If it is because Clear Channel's side lost the elections and this is retaliation, keep in mind that "what goes around comes around!" Just ask your Republican friends in Congress! (Yes, the ones who are crying about being excluded for a mere 100 hours!) Delay and Rove thought they could keep a permanent majority in Congress. They fell off their thrones with a thud that was heard around the world! Following in the footsteps of Karl Rove, Tom Delay, David Safavian, Jack Abramoff, Mark Foley, Randy "Duke" Cunningham,, Bob Ney, Conrad Burns, Rick Santorum, Curt Weldon et al, CLEAR CHANNEL WON' T ALWAYS BE IN ITS CURRENT "CAT-BIRD" SEAT, EITHER! Once again, if this decision is merely the result of not having enough sponsors, just tell us! BE HONEST WITH US! Tell us how many sponsors you need and give us some time and we will find them! By the way, bear in mind that the air waves belong to us, too! We will not be abused and take it lying down. We will do what needs to be done to reclaim our air waves! We will start by asking our lawmakers to subpoena Clear Channel as well as their friends at the FCC!

There are plenty of avenues for conservative talk radio, so losing one would not have nearly as negative an impact as this move does. I think this is just one more proof why large corporations like Clear Channel should not be allowed to own and operate (and therefore control) the airwaves in so many areas of the country. It is an risk to our First Amendment rights and needs to be addressed, particularly when they so blatantly show no obligation to represent all voices and perspectives on social and political issues.

			about having different types of formats. If your so called [again, a hyphen is necessary: "so-called"] progressive talk [this is use/mention mistake: it should be "progressive talk"] was profitable [in a counterfactual conditional, the subjunctive tense should be used, to wit: "if your so-called 'progressive talk' WERE profitable.. ."], then there would be plenty of owners knocking on your door to air it. Just because there is a ratings increase, does not mean there is a corresponding profit increase, that would depend on the cost of the program [This is very awkward; I would suggest: "A ratings increase does not imply a corresponding increase in profits; that would depend upon the cost of the program."] If all you left wing [please discover the hyphen: it's "left-wing"] haters think that having progressive radio is so important, then ban together to buy your own station. Second, having right to free speech, [the comma here is unnecessary] does not mean the rest of us has [subject/verb agreement—it should be "have"] to listen, [a semi-colon might be nice here] it only means that the government can't arrest you for speaking out. Third, I continue to be amazed at how many of you say that right wing [it's "right-wing"; did you cut English class in high school?] radio is full of hate, yet I bet you can't sight [should be "cite"] one example of any hate rush [English capitalizes proper names—should be "Rush"] has said [awkward construction], because he is just a lovable little fuzz ball [where are the commas when you need them?]. So in the name of right wing ["There you go again!"] radio [comma here] I will wish love, peace, and the joy in your future endeavors." [get a dictionary—or at least use your spell check.] Your composition could use some editing. I have to give it a D. Please see me during my office hours before your next outburst!
imone	Morgen	3202	Although I seldom had a chance to listen (certainly not at work) I feel it's important to have alternative voices. Especially in a city and county that's majority Democratic, this represents an imposition of a right wing opinion of the station owners and is the strongest argument for more varied ownership of media.
ennifer	Dutiel		
	Dutiel	3228	Conservative talk radio has been losing ground the past few years and there is a great market for progressive radio in central Ohio and all across this state. Conservatives have been building their media networks for decades while progressive media is just getting started and already we have gained so much ground. The audience is there. We need 1230 progressive talk in Columbus.
oretta	Teets		
ay	Guidicci	3165	Keep progressive radio on the air. We want to hear all sides.
orena	Teets Guidicci	3065	I am surprised that Clear Channel survives. The FM channels that they own are horrid. I wonder if the maximum amount of CD's that they own is above ten. And then they finally think outside the box on the AM side and blow it. LOL. If these idiots owned a funeral parlor no one would die. Hopefully, the right wing media big dollar empire will continue to melt away. Avoid these chumps like the plague and thier advertisers.
ohn	Murakami	3228	Dont make me face another morning without Stephanie Miller!
ames	Browne	1920	Democracy demands that all sides of any issue must have the opportunity to be freely expressed and heard. This is not always a pleasant exercise but nevertheless essential to the concept of a healthy and therefore viable democracy
my	Hart	43212	
'atrick	Wolfe	3214	I miss big ed.

Amanda	Ralph	43220	As the past three elections have demonstrated, a strong voice of the population chants for balance. Conservatives on the political right have bought up radio stations and are using them to skew broadcast on the airwaves. What is broadcast should reflect the population the broadcast is

Radio

			country? You are making an error with this change.
Jim	Wilson	43016	I have been a loyal listener for a couple of years now. I will no longer be listening to 1230AM with the new format change.
Iackie	Donoghue	43085	My son has served in Iraq and is currently on his second tour. Our service people deserve the commentary offered by smart radio. Please bring back progressive radio to the Columbus, Ohio market.
William		43081	WE need a voice!
Chris	Metz er	43110	There's enough crap on the radio. Keep something good for once!
.....		43160	
Robin	Allen	43082	This format change is an insult to all thinking Ohioians. When you can find Rush on 6 different stations - and to have the one progressive voice taken away from us is ridiculous! Face the facts Clear Channel - progressive politics are here to stay....so give us our station back.
John	Six	43146	What about all the emails Clear Channel collected with their add claiming they had a message board on WTPG. Clear Channel will not have me listeni9ng to ANY radio station and I will be watching state and federal issues concerning telecommunications. We need to have our representatives undo the monopoly laws they have passed.
Karina	Wetherbee	43214	How sad it is that this country is becoming a land of one-permissable view. It goes in lock-step with opening peoples' mail and listening in on phone-calls. Another sad chapter in the downfall of the modern world's "Rome".
Kevin	holland	43228	Unacceptable.
Brian	Ford	43213	It is an insult to the people of Columbus to not only remove progressive programming, but to then replace it with just the opposite. This is why the dial is losing to the satellite.
Jason	Miller	43215	How pathetic and disgusting you are, Clear Channel. We do not need, nor do we want any more ultra-conservative, neo-fascist radio in this city (Columbus). My XM Satellite Radio arrived today and from now on I will take extreme pleasure in permanently disregarding ALL Clear Channel stations and advertisers. Wake up and get with the (progressive) program -- we the people are not buying your lies and nonsense.
Janet	Parsons	43147	Please bring back progressive talk radio.....it's only fair.
Brett	Gill	43212	
Darlene	Kelso	45419	
Eirir	Wagner	143232	Radio as a format is dying anyways... 1) just download the shows you listen to over bittorrent 2) listen on your PC or Ipod 3) profit Clearchannel and their ilk have long prospered by catering to the lowest common denominator... you don't have to suffer. Man i hate Laura Ingrahmn.
Lawrence	Kistler	02492	
Barbara	Pavichevich	43204	I want liberal radio back on the air, Ed Schultz, Stephanie Miller, Randy Rhodes, bring it back TODAY
Michelle	Thomas	43026	Please bring back WTPG. I was an avid listener to programs such as Ed Schultz, Stephanie Miller, Al Franken, Rachel Maddou, ets. I will not support the new format of conservative programming in Columbus that Clear Channel has implemented and will boycott all affiliated sponsors. I certainly feel it is criminal to monopolize any media including the AM dial

Stephanie	Springfeldt	43228	Air America on WTPG was the ONLY radio station I listened to for 2 years. I supported the advertisers on the station and was dismayed whenever there were mistakes made in regards to commercials (which happened often) because I was afraid that advertisers would pull their ads. These mistakes were the fault of Clear Channel, not Air America. Now we as listeners are paying the price. We need the voice of opposition to the current administration and Air America plays an important part in our democracy today. BRING AIR AMERICA BACK TO COLUMBUS!!!
Kenneth	Carter	90808	Advertisers and businesses apparently have forgotten that liberals buy some products and maybe will selectively not buy certain other products.
Korine	Fujiwara	43220	
Doug	Alford	43342	Democracy only works when the public is informed. I learned a lot over the last year by listening to the Air America programs. And I was entertained. This is a sad day in central Ohio.
Phil	Sheridan	43130	Leave our progressive radio alone!
Cameron	Bennett	43220	
Harold	Collins	43081	Well, I will be listening elsewhere once I find out which advertisers support this outrage. It is sad to realize that those whose politics cannot withstand the challenge of opposing viewpoints still resort to the suppression of ideas rather than honest discourse and debate. Like schoolyard bullying, such tactics exude cowardice, not strength. When you silence the voices, you do not destroy the ideas. You create martyrs. Choice is freedom.
Rich	Kackley	43149	(Un)Clear Channel's backers apparently do not appreciate FAIR & BALANCED programming. America thrives on the exchange of opposing viewpoints, and Clear Channel only seems to want one neo-con view for Central Ohio. Teddy Roosevelt broke up monopolies, maybe it's time to investigate broadcast corporations.
Dona	Chandler	43201	I was stunned, angered and then saddened when I turned on my radio this morning to what I thought was Air America and instead got the same B.S. that can be found in too many venues today with the likes of the garbage spewing Bill O'ry and Rush Limberger. Give me Stephanie and Franken and Rachael, clear thinking, clear speaking and sharp witted folks all. Until they come back, I'll listen to books on tape, my money is better spent that way and I can choose what I want to listen to.
Lela	Mendoza	43220	
Fred	Cloe	43147	I listened to WTPG every day. Could not believe the format change and jumped on the internet to find out what happened. Listened to a few hours worth of the new programming and had to remove 1230 from my preset stations. It wasn't about talk radio, it was about a point of view other than the right-wing hate spewed across the radio dial these days. Time for XM.
brian	humble	43021	"your news station" what a joke!
Paula	Otter	44212	
j	lundman	43085	give us a choice. who won Ohio.. not the conservative talk show listeners.
mark	schroeder	43065	please reconsider the format change.
Colleen	Cunningham	43123	It's interesting that this was pulled off just as larger advertisers began broadcasting on the station. Is it because people actually were listening that the station was pulled?
Nathalie	Maerschack	43202	
Michael	Kent	43220	Listen to the voices of the community.
C&T	Soliz	43085	Please bring back progressive talk radio!! There are already conservative formats in Columbus. We want to hear a liberal point of view! AM1230 is no longer a station we will listen to.
James	Reed	43207	Just as we start to get local traffic reports (the first sign of ANY local coverage outside of Reds Baseball) our station of 2 1/2 years is spirited away from us. We tripled the ratings, and were willing to grow if it became more local. Now we have WTVN 2. Pathetic.

Joseph	Perry	43224	I had no idea this was going to happen. Image if you will, the shock I felt as I get in my car for the morning commute to work and I hear the noise that is Laura Ingraham. I consider getting out of my car and jumping in front of the first COTA bus I saw. After short while when I realize that this was not the
			done. So I will fight. DOWN WITH CLEAR CHANNEL!!!! Unless, of course. they bring back a Air America Radio.
James	Jette	43123	
Julie	Small	43110	
Jeff	Small	43110	
Ryan	Kaelin	43147	Seriously... who needs more of the same? Corporate America just could seem to be able stomach dissenting opinion, so.... let's squash it. Seriously shortsighted and close minded. Well, 1230 is no longer on my presets in my car.
David	Hyder	43040	Keep progressive radio in Columbus!!
chris	schulz	45431	Terrestrial Radio is Dead. Podcasts and Sirius my friends, Podcasts and Sirius.
Farren	Chuck	44224	It looks like the "Corporate Media" is getting scared. They should be.
david	niwa	43214	Air America am 1230 in Columbus, Ohio is one of the few bright spots in radio. Those of us who are saturated with only one side of the argument, in "Blackwellesque"... (he's out... thankfully!) need to have another point of view. I support all advertisers of "Air America Radio" and will vehemently boycott anyone who opposes the exercise of our "First Amendment" rights! This voice of sane America needs to be heard.... SAVE IT!
Robin	Napier	43229	Please don't set us out to drift in the choppy, shark-infested seas of the Conservative Right. Toss us in Columbus a life saver by bringing back Progressive 1230.
Erin	Gilliland	43212	What is this? Clear Channel. For gods sake, do the right thing and put Al Franken, and everyone else we love back on. Do the right thing.
Beverly	Perry	43224	I thought the Democrats won the last election. Shouldn't that tell you that Ohions want to hear some progressive shows? What is this? Like we need more of the same Neocon BS. Please bring back Air America radio.
Dana	wrench	43214	This cancellation of Air America programming is beyond stupid; I never listen to any radio OTHER than 12:30, now I will never tune it in. I can't believe this is happening. Right wing talk radio is not going to sell in Columbus, OH, so the marketing decisions underlying this change are incompetent. If Clear Channel is in the business of attracting listeners, it just lost big in Columbus, Ohio. Reverse course!!!
Chris	Campbell	01701	We are dealing with the same thing here in the Boston area. We need to stick together and fight for free speech. If people still believe the media is liberal Fox news and all the right wingnuts need to be taken down and seen for who they are. Bring Progressive talk back to Columbus Ohio
Kay	Reimers	45387	This is unbelievable.
Ashlee	Clark	43212	
Heather	Rittenhouse	43015	
Greg	Colvin	43229	Isn't it bad enough that we've had to hear Rush and Glenn Beck on the air in Columbus. Do we really need to be subjected to the stupidity of morons like Michael Savage & Laura Ingraham, who frequently, almost daily, appear as Keith Olbermann's nominees for "Worst Person in the World." I was horrified to hear the call letters 610 WTVN being broadcast on my beloved progressive talk channel, but I assumed that was only a temporary thing, an unfortunate result of the Buckeye fervor. The launching of WTPG last year was the only reason I listened to AM or any other radio. I would like to thank Clear Channel for making the decision whether to listen to talk radio or my MP3 player a whole lot easier.

Michelle	Colvin	43229	Thanks Clear Channel for giving me back control of our car radio. Every time we got into the car, my husband would turn on Progressive Talk 1230 and I would be forced to learn what's really going on in our government. With WTPG off the air, I can go back to being completely oblivious to what's really happening in Washington. I like being lied to a whole lot more.
michael	newton	43202	I've listened to 1230 am in the morning almost every day for around 2 years. I'm really upset about this change. I had a feeling it wouldn't last too much longer. I can't stand the the right wing rants I hear on the other am stations in the morning. I find it all too convient that right after the recent election, Clear Channel decides to flex it's conservative muscles to silence the voting majority. It seems that the liberal/reasonable message is actually getting out there and people are paying attention . Now the Columbus radio air waves are completely conservative there is NO balance whatsoever. Aren't there any left wing millionaires out there who can purchase a radio
Andrew	Snapp	92517	I am a truck driver and I enjoy the interviews I hear when I pass through central Ohio. I am afraid the new station(WYTS) won't carry interviews with Henry Waxman or Sen.Patrick Leahy.

Carolyn	Bowman	413026	I will not be tuning into "Talk 1230"!
Benjamin	Lammers	413112	Until the progressive format was dropped from 1230 AM, I nearly exclusively listened to that single station. Now I'm forced to listen to commercial free podcasts. Am I to understand advertisers don't need or
Jenny	Donaldson	43202	We want radio for the people!

KAT	T	15323	Jim Quinn is a GREAT guy and very insightful. If you all would listen to him then you would learn a great truth about current events instead of listening to the babble that Airhead America spewed. I was raised a democrat (not a progressive mind you) and I was shown the light by listening to Quinn. GOD BLESS AMERICA
Andrew	Saturn	43201	I basically had no warning of this, I thought I woke up in an episode of The Twilight Zone (I tuned in assuming it was another guest host, but then they started talking about how "beefing up troops in Iraq is a great idea" ...wtf?)
steve	chordas	43212	1230 am was the only chanel that was on in my vehicles, not now !
Benay	Irwin	43235	

Henry	Vogner	43112	You all make a mistake in assuming that because people voted for democrats that liberals hold the majority, and you go further off the edge when you state that progressives are the majority, as progressives are a small but vocal minority. If it were any other way, Air America would not have trouble capturing and keeping an audience. You and Al F would be more successful and better served by debating the issue rather than calling people morons and knuckle draggers. I suspect you can't, since it does not pass reason or common sense.
Edna	Bambrick	43701	I am shaking in ANGER!!! Tears are literally leaping from my eyes! How can they do this?
Kevin	Cecil	43212	
Joe	Crump	43207	I am truly, truly, saddened... I fear the end is near. This is one of the signs, right? We have allowed the pious right too much control. They have crept upon us in the dark. At the whims of their purse strings, they control OUR military, dictate foreign policy, throw elections, and yes, filter our media. We must stop them now our ours will be the generation blamed for allowing FASCISM to rule a once great nation. Vote Vote Vote...
Teresa	Hagerman	43229	Air America programs, particularly Franken, Schultz, and Hartmann provided thoughtful and intelligent commentary that cannot be found anywhere else in Columbus. Substantive interviews with political leaders, writers, activists, and journalists are rare on commercial radio. Please reconsider and bring back smart radio.
Jon	Shane	43344	Think about those public service announcements that radio and tv stations air occasionally that state: "We are licensed by the FCC to serve the public interest etc". How is the radio-listening public being served by only hearing one side of the issues? Why is it that as soon as a Dem majority wins the federal elections, then a progressive voice is silenced in central ohio? Not only silenced but replaced by a even more severe right-leaning media outlet than has been heard in central ohio for many years. This is pure crap and I'm tired of not getting our voice heard in the MSM in general.
Miriam	Bernstein	45213	We lost our access to progressive radio. Instead of Jerry Springer, Al Franken, Ed Schultz & Randy Rhodes, we are getting the dribble of Dr. Laura. Ohio Radio Station owners should have more self respect. They should present both sides of issues. Thank God for Public Radio.

If I do not get a positive response than I'll use Bill O'Reilly's tactic of suggesting a boycott of all advertisers. I hope the rest of you will join my efforts.

Joe	Dinardo	17771	Hearing all this whining is precious. Liberals complain about loss of freedom and the demise of (hot)Air America as an example of how their rights are being taken away. Hey folks, this is a great example OF democracy and freedom. People have chosen, by listening and purchasing habits, what they want to hear. If they wanted to listen to Franken's tripe, they would have done enough of it to keep it happening! So until you produce something that is intellectually coherent , consistent and rational, you will never garner any interest beyond a few dozen moonbats. The forecast is for more stormy weather ahead for progressives!

Eric	Tuttle	43215	I am so unhappy that WTPG is gone. I think it's crap that they say it can't survive in Ohio. I already have an iPod i guess now it's time for Satellite radio. It's the only oasis of sanity in a sea of stupidity and oxycontin.

Robert	McBride	43232	
Shelagh	Titov	43202	I cannot believe that our ONE progressive talk radio source in Central Ohio has been taken away from us so abruptly. Then---rudely replaced with sport commentary and the conservative convolutions already broadcast on (another locz) station. While conservatives are now begging for a bi-partisan government, they still continue to subject the people to their prescribed propagandathat puts every democratically-minded (and I'm talking about true democracy here, not just party affiliation)at a loss for real truths about our government. Who has replaced our cherished Air America Broadcast? The same woman who urged people to call and jam up a phone line set up to promote and protect our voting rights has replaced the people who have actually made a difference in media today. Should I just move to another country now, or will the American people stand up for their rights to receive fair media freely? Even people in North Vietnam know not to believe what the radio tells them...when will Americans catch up?
Michael	Paxson	43224	I cannot express how upset I am that Clear Channel has done this. I was out of town for the holidays - to a town with only right-wing talk radio - and could not believe what I read in the Columbus Dispatch when I got back. Please, please, PLEASE return progressives' ONE voice back to the airwaves in Columbus!

Vera	Pletin	44035	Damn those Cheap Channel fools! Oh well, that's what happens when their network, Premiere Radio, signs up people like Glenn Beck and the like. Keep Progressive Radio in Ohio alive!!!
Laura	Nethers	43229	I am outraged by this change in programming. Progressive radio is a major source of accurate information, and it's a source I don't have to take time out of my day for. I listen to it in the car while driving and at the office while working, and I find I am a lot more informed than I have ever been before in my life. I believe progressive radio was a big factor in the last election because it broadcasted the truth to more people than would have otherwise been reached.

I am sorry that the owner feels that his new format will be more successful than progressivetalk radio. It's more like repressive talk radio now.

Bronson	Woodroffe	3213	I really need the Progressive format. There is little sanity, with Hannity and I require clear focused fact based thought. Sheeples beware the fact based, thought motivated, action oriented people are here.

See: "The Fairness Doctrine How We Lost it, and Why We Need it Back" http://www.comrnondrearns.org/views05/0212-03.htm The reality is that it will be hard for progressives to break into AM talk radio without the return of the Fairness Doctrine, now that the Right owns the format. We need to talk to our leaislators about re-instating it.

Beverly	Davis	143221	
Stephen	Hanula	43015	The media needs to be fair and balanced. We have all the right wing talk radio we could ever want. How about the other side...the facts... the truth. It is criminal that Clear Channel can own just about every radio station in town and is able to control what we hear. How many listeners can a 1,000 watt radio station possibly have and how much higher in the ratings can they expect to go. We need an alternative voice to Rush and Hannity and Beck. We need Al, Stephanie, Randi, Ed, and the rest of the progressive lineuo. We need our progressive talk station back!
Kurtis	Herlocher	44720	This is an outrage. I am boycotting all Clear Channel stations and advertising until our progressive talk comes back. There needs to be balance on the airwaves. I think we can have 1 left wing radio station to combat the 50 right wing stations around the area.
Eric	Clark	43235	
Carol	Griffith	43206	Progressive radio is the only reason, outside of NPR, that I ever use my radio, instead of the tape and CD players. A different format will just send me to the library for more books on tape.

I will not listen to 1230 AM until the truth and progressive talk is restored!
Peter	Rasmussen	43206	Progressive radio and NPR are just about all I listen to on my radio. I guess I can live with it but I am disappointed by the loss of this alternative voice. And I wonder if Clear Channel knows just how many people are truly irritated by Rush et al.

Michael	Secrest	43215	I am appalled by the conservatives fear of the power of progressive radio. I will listen to nothing but WCBE and oldies from now on.

Jaclyn	Hammond	43074	I listened to Air America every day, while driving to and from work. It was finally a station I could relate to, that shared my views and ideas, and I know I am far from alone in this sentiment. I am extremely disappointed that the station has changed formats and will not be listening to WTPG-1230am any longer.
Carol	Rein	43235	The corporate monopoly system is again showing its true facist colors by eliminating the only intelligent progressive outlet that area listeners had. T needed and desperately missed by me and many of my friends and colleagues. The public airwaves are supposed to allow for a balance of agendas, but as long as corporate America rules with its iron hand, the progressive majority will be left out in the cold.

Carol	Dianne	48124	If you don't have airwaves freed to express government concerns, it will not be long til who ever holds the airwaves switch finds his own family, & childten caught in this control trap. The right wing is soooo mean spirited, they come out saying how god people they are, & I found meanness, lies & ahlf truths once \ researched their "spinn". If the boys are fighting for <i>freedom in other lands, Mr. Radio...have some guts your self and open up</i> the airwaves to fredom of thinking.. If you were not so threatened you would not try to control.. This world is all we've got & we're all in it together, & <i>have right to hear all views...Time to shoot with courage, if you want "somebody else" kids to fight for you to have a radio station... Be fair to the boys they want their home land free to hear other view. Is is about keeping the playing field uninformed so right wing can take advantage of people?? Ah, let see is that the "God" people way?</i>
Eugene	Lynd	43214	There is no way a large, growing Democratic-majority city like Columbus cannot support a progressive radio station. If WTPG "failed" - a dubious premise - blame management, not the concept, and try again.
donald	burg	91766	Freedom of speech is supposed to be for all citizens of this country. If all points of view are not allowed on the airwaves, which I believe is owned by the public and controlled by the government. Then it is the duty of congress to initiate legislation to protect the rights of all of us and our freedom of <i>speech on the air.</i>

Craig	Holderby	43026	I have listened to nothing but WPTG-1230am since I found aboutit 2 years ago. Clearchannel needs to realize that "SOMETIMES" the bottom-line IS NOT the most important thing. If they give this channel alittle more time than what normally might be expected it is sure to catch on. It is fighting a bigger up hill battle than when "right-wing" talk radio started. And I'm sure that some didn't think it would be what it is today. The general public "on the left side of the dial" is use to the general CRAP that is put forth on talk radio. They will respond to the new format when they realize what is being promoted. I can't say I remember EVER seeing or hearing ANYTHING about the program except on the radio program itself. I think Clearchannel with it's right leaning connections did not promote the channel knowing it could replace it with yet another conservative program; while blaming the failure on the program not having an audience. It's hard to create an audience without proper advertisement.

gary	Wedlund	43026	Once upon a time there was a monopoly of right wing radio. The good witch of the west came and gave us truth radio. The truth pained the corpocracy, and thus, in spite of the greatest growth rate in radio history, advertisers stayed away. Still, the number did not lie, and the money barons ponied up to the good witch. Then the unthinkable happened: AN ELECTION! The money lords lost, in spite of direct appeals to Jesus and the saints of ignorance. Down came the ONE voice on OUR wavelengths. We all have Ronald Reagan to thank for this, because during King Reagan's reign, the doctrine of equal voice on radio was shot down by big money. Now our only choice seems to be Rush Limbaugh or the felon, Gee Gordan. You know, most of us have figured this out and go to the BBC and John Stewart for our news now, but the masses are still gawking at fat pictures of Britney, and so we have to protest. The bottom line is that Karl Marx was right. They own our minds because they own our institutions. He might have been wrong about everything else, but regarding that he was an expert. We no longer live in a democracy, but hey, we never have, because the fundamental requirement for democracy is an informed and educated population, and not once in world history has intellect ruled over the voice

abby	Mowery	43054	Where is my Liberal Oasis? WTPG was the only media outlet that provided us (the listeners) with the truth about Bush, his administration, and neo-con/right-wing wacko lies and deception! Bush's (the Liar King) agenda has been and is perpetuated by Fox (Fix) New Networks, newspapers/publications, and conservative (more like Facist) talk shows, as well as plants in White House news briefings. How many other Progressive/Liberal talk format radio stations have been undercut? Weren't both the 2000 and 2004 Presidential popular vote elections evenly split? Could it be possible that at least half of the electorate would be potential listeners for Progressive/Liberal talk shows? (However, the right-wing wacko media outlets have hypnotized a large segment of the populace into believing that being Progressive/Liberal is evil and that Progressive/Liberal radio cannot work.) That is wrong! What was wrong here in Columbus was the promotion of the station and how it was handled. I am an artist and had designed a bumper-sticker and a theme that I intended to present to WTPG management (free of charge - wow, what a concept) to help promote the station - just about the time that I learned of it's demise. Why? Because, like you, I cared! Advertising the station and programming was non-existent. Where were the billboards, the ads pasted on buses, the promotions on other stations (doesn't Clear Channel own/operate a whole handful of stations?), the ads in newspapers, magazines, or flyers? Most of the advertising and promotion was done by word of mouth. (Think about it - how did you learn about WTPG?) WTPG has already changed it's format (and it is awful!). WTDA (affectionately known locally as TED-FM) 103.9, has recently changed its format from oldies/contemporary rock to (you guessed it correctly) "Conservative FM all talk! So what can we do? How about investing in our own radio station? This could be a first! Even though NPR is National Public Radio relying mostly on donations - why can't we have our own publicly supported/operated RADIO FREE AMERICA? John F. Kennedy said, "There can be no progress unless people have faith in tomorrow." If we work collectively and have the faith that we can be pioneers in progress for Progressive Radio - what is stopping us? There
